PORTFOLIO: https://dhavalchaudhari.vercel.app/

SUMMARY

Results-driven Backend Developer with hands-on experience in building scalable RESTful APIs using Node.js, Express, and Nest JS. Skilled in designing efficient backend architectures and integrating frontend systems using modern technologies like React and Next.js. Currently contributing to a live "Document E-Sign" project, focusing on API development and backend performance. Passionate about learning new technologies and building real-world, impactful applications.

EDUCATION

Master of Computer Application, Sardar Patel University **2024-2026**

Bachelor of Computer Application, Veer Narmad South Gujarat University **2021-2024**

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Java, Python, SCSS, .NET

Lib/Framework: Angular, React, Node Js , Express, Bootstrap, Storybook, Nest Js, Next Js

Tools: Git, GitHub, VS Code, XAMPP, phpMyAdmin, Android Studio, CI/CD

Platforms: Digital Ocean, Heroku, GCP

Database: MySQL, PostgreSQL, MongoDB (Learning)

Others: Quick Learner, Problem Solving, Self-taught programming, Teamwork, Leadership.

WORK EXPERIENCE

Full Stack Developer Trainee **Dec 2025 - Present**

Upsquare Technologies

- Worked as a Backend Developer using the MERN (MongoDB, Express, Node.js) stack to design and build scalable RESTful APIs, ensuring efficient data handling and seamless integration with frontend systems. Also contributed to a live 'Document E-Sign' project using Next.js, supporting backend functionality and API integration.

PROJECTS

Project Management Platform

Led a 17-member team to develop a comprehensive project management platform, showcasing skills in product management, architecture, and SCSS.

Travel-Bee

Designed and implemented a blog website using JavaScript, Node.js, Express.js, and Bootstrap.

Fitness First – Android Application

Gym management app with member registration, workout & diet scheduling, and appointment system using Kotlin, XML, SQLite

Travel Management System – Web Project

Travel & hotel booking portal with user authentication and admin panel Using HTML, CSS, PHP, MySQL.
